Letter of Collaboration

This letter is to confirm Art Station Dubulti (Mākslas stacija Dubulti) to collaborate on the research and creative production proposed by the project “Organisms Democracy Baltic Sea” from 2023 till 2026.

Art Station Dubulti is an art and culture institution that follows a new approach of the public space and seeking new forms of public art. Since 2015 it is located in a functioning railway station in Jūrmala, Latvia, the largest spa town on the shores of the Baltic Sea. It implements the overlapping functionality of the public space with an international art programme and place for trainspotting. In 2022, Art Station Dubulti produced the ‘Presence and Production’ work by Swiss artist Thomas Hirschhorn “ART=SHELTER” opposed to the Ukrainian-War, collaborating with Ukrainian refugees and Belarusian opposition organization Supolka.

Organism Democracy Baltic Sea imagines a future based on equal rights and coexistence of all living beings in and around the Baltic Sea. Art Station Dubulti looks forward to active participation in this research initiative on both the political studies as well as the creative ‘technology’.
